

Welcome to new Curling Season....To start off with I am not resolved to putting the clubs away yet, but looks like this weekend is a washout, overall not a bad summer on the links but have had better, weather wise.....Don't forget tomorrow, Sunday, the AGM is scheduled for 2:00 PM and to me the club has reached a point which is not best for the club. We will be operating in 2013-14 without a President, hope this can be resolved and someone steps forward to fill the position.....Thanks to Russ Gale for voluntarily extending his term for an extra year and for all the work he has done.....The Directors have recruited a few people to take over a couple of vacant positions in the coming year, thanks to those people for stepping forward, but a few more are still needed before the Board is full.....All leagues are set to start this coming week, with the exception of the Beginners which waits until the 'Learn to Curl' clinics are finished. Watch the website for schedules as they become available, a few are posted now but they should all be there by the start of the week.....It looks like the leagues will be at the same capacity as last year and membership may be up by a few. Some leagues still are in need of a couple of curlers, to fill teams, if interested contact the league convener, if you do not know who that may be send an email to enquiries@bradfordcurlingclub.ca and we will get the contact information to you.....Our first bonspiel of the year is set to go on November 9th, The Mixed Doubles, it is a two person event, information is on the website under bonspiels and Brian Febel is the contact....We have a page on the website which contains information made available only to Club Members, it is reachable by clicking on 'Click For Members Area'. To be able to reach this page you must register, which is done by going to bottom left corner of the home page and clicking on "Register" fill in the information and you will be granted entry, if you are a club member.....All curlers who are interested in taking part in OCA events please refer to the information under "OCA Entry Change" on the website home page for new entry rules this year, also make sure you are aware of the waiver stipulation.....For your interest there is some great curling coming to Kitchener with the 'Road To The Roar' starting November 5th at the Kitchener Auditorium, information can be found on this link <http://www.curling.ca/2013roadtotheroar-en/> , looking forward to it hope to get down for a day....BCC had two entries in The Dominion in Barrie last week, in the Men's Team Badowich qualified but lost a great semi-final game to the eventual winner, while in the Ladies Team Pearson-Cook ran in to some tough competition and failed to qualify.....Until next week, remember you are a year older and it takes a few more stretches to get ready. Curled in the Early Bird this week and felt like I was dragged through a knot hole that first game, of course I had just walked 18 holes earlier in the day, some people never learn.
